CRITICAL ISSUES (critical, high severity): 0

Critical and harmful access for owners, user block ability, Bugs, and vulnerabilities that enable theft of funds, lock access to funds without possibility to restore it or lead to any other loss of funds to be transferred to any party.

ERRORS, BUGS AND WARNINGS (medium, low severity): 0

Bugs can negatively affect the usability of a program, errors that can trigger a contract failure, Lack of necessary security precautions, other warnings for owners and users, warning codes that are valid code but the compiler thinks are suspicious.

OPTIMIZATION (low severity): 0

Methods to decrease the cost of transactions in Smart-Contract.

RECOMMENDATIONS (very low severity): 0

Hint and tips to improve contract functionality and trustworthiness.

Conclusion:

In the **TRONPRIME** Smart-Contract were found no vulnerabilities, no backdoors, and no scam scripts.

The code was tested with compatible compilers and simulated manually reviewed for all commonly known and specific vulnerabilities.

So **TRONPRIME** Smart-Contract is safe for use in the Tron main network.

Independent description of the smart-contract functionality

The **TRONPRIME** smart contract provides the opportunity to invest any amount in TRX (from 10 TRX) in the contract and get 119% to 239% return on investment between 7 to 30 days if the contract balance has enough funds for payment.

- ❖ The system used is called ROI and must be considered as HIGH-RISK. Do always invest with proper knowledge and investigation
- ❖ Dividends are paid from deposits of users.
- ❖ All dividends are calculated at the moment of request and available for withdrawal anytime
- ❖ Each subsequent Deposit is kept separately in the contract, to maintain the payment amount for each Deposit.

Contract Owners Fee

Owner Fee: 10%

24 INVESTMENT PLANS

- Plans duration start from 7 days to 30 days. For example 7, 8, 9, 10 and etc
- Plans total return start from 119% and increase 5% based on the increment of the plans duration. For example plan 7 days has 119% total return and plan 8 days has 124% total return.
- The minimum deposit amount is 10 TRX
- Users can withdraw anytime
- Each address can have the maximum 100 deposits

Referral System (Match Bonus)

The contract pays a 11.5% referral commission over 5 levels

- Level 1: 5%
- Level 2: 3%
- Level 3: 2%
- Level 4: 1%
- Level 5: 0.5%

Notes:

- Referral should be an active user; it means the referral address has at least one deposit
- If the user has not a valid upline, the owner will be set as default upline.

Fake Turnover

There are two function which will be used to make fake turnover for the contract. It will be used to get better rank in monitoring websites.

Functions:

- Invest()
- Invest(amount)

Disclaimer:

This audit is only to the Smart-Contract code at the specified address.

TRONPRIME:

Haze Security is a 3rd party auditing company who works on audits based on client requests. And as a professional auditing firm, we check on the contract for any vulnerabilities, backdoors, and/or scam scripts.

Therefore:

We are not financial advisors nor do we partner with the contract owners

Operations and website administration is fully on the client's side

We do not have influence over client operations, which can lead to website changes, withdrawal function closes, etc. One always has the option to do this through the contract.

Any concerns about the project themselves need to be raised directly to the project owners and not through Haze Security.

Investors are not in any way obliged, coerced or influenced to invest in projects audited by Haze Security.

We are not responsible for your funds or guarantee you profits.

We highly recommend that investors do their own research and gain crypto experience before investing

To report any scam, malpractices and irregularities, please send a message via Telegram to @Haze013 or @Sara_Solidity for blacklisting.
